

Contracted Licensed Child Care During Distance Learning

We are pleased to announce that our partner organizations will offer licensed child care this Fall. These contracted providers will operate fee-based child care programs in 9 schools, opening in phases in late September. Each school will enroll 2 small groups of 15 students. Programs offer distance learning support and enrichment for children ages 5-12.

Organizations reserve 50% of the spaces for families qualifying for State subsidies. After 2 weeks, if these spaces have not been filled, providers will open them up to the community.

Programs operate all day, Monday-Friday except Oct. 9th when buildings are closed.

What are State subsidies?

A state subsidy is financial assistance for qualifying families needing child care.

Do I qualify for subsidies?

Click on the [link](#) to find out. Low rates last for one year if subsidy is approved by Oct. 31, 2020. Questions? SUN site managers & child care staff are trained to help!

How do child care providers create a safe/healthy program?

- Face coverings required
- Hand washing routines
- Outside pick-up/drop-off
- Daily health checks
- Stable cohorts
- Trained staff
- Routine cleaning and sanitation and more

Questions? Contact the child care provider and review [State guidelines](#).

If programs are full, contact [211info](#) for child care referrals.
